Grievance 25

OCTOBER 13, 2020

New California is a new state in development exercising its Constitutional Right to form from the State of California. The process to form New California is authorized and codified in Article IV Sections 3 & 4 of the United States Constitution.

Statement of Intent

The Citizens of New California have decided to remedy the abuse of power by the government of California by exercising their right to form a new state provided in United States Constitution Article IV Sections 3 and Section 4.

“We are determined to live under a State Government in the United States of America and under the Constitution of the United States.”

New California Declaration of Independence of January 15, 2018 states:

“Whenever any Form of Government becomes destructive it is the Right of the People to alter or to abolish it, and to institute new Government.

When a long train of abuses and acts to seize and hold the people’s power without legal authority and pursuing invariably the same Object that clearly demonstrates a design to reduce them under absolute Despotism, it is their Right, it is their Duty, to throw off such Government, and to provide new Guards for their future security.

Preamble of the New California State Constitution states:

We, the representatives of the undersigned Counties within the State of California, do acknowledge and humbly invoke the favor of Almighty God for continued civil and religious liberty to ourselves and our posterity....

First Amendment of the United States Constitution states:

"Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the government for a redress of grievances."

Fourth Amendment of the United States Constitution states:

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

The Counties of New California State brought forward 95 Chapter I Grievances between January 2018 and November 2019. On April 28, 2020 New California State will issue 95 additional Chapter II Grievances to be announced in public on Tuesdays at 11:00 am.

Declaration of Grievance Statement of Facts

The people of California are suffering from a tyrannical state government which fails to provide a republican form of governance, enables and supports across its southern border the invasion of the United States of America by illegal foreign nationals and protects vicious criminals who commit outrageous acts of violence upon the Citizens of America all caused by a government of and for a mono-party system lead by a tyrannical dictator who openly defies federal law.

ORDER OF THE DAY

HISTORY REPEATS

While *We*, the People, of the Unified Counties of New California seek the removal of the California state GOVERNOR, PRESIDENT OF THE SENATE & SPEAKER OF THE ASSEMBLY *We* are equally determined to seek the removal of state and local officials who have been instrumental in the efforts to take away our GOD given RIGHTS.

New California State looks to history to see if there were similar events we see in today's circumstances and of course history always repeats itself. When New Californians created their Declaration of Independence and then Declared Independence on January 15, 2018 they were very aware that the circumstances that gave us the original Declaration of Independence of 1776 had once again become a reality in California in 2018.

To prove the case for New California State 95 Grievances were read in the public square every Tuesday for 95 weeks. In essence the Declaration had become far more than an event declared on a certain date then soon forgotten it had become a process.

"Between 1763 and 1776, American colonists made many attempts to organize in protest against the acts of Parliament. The Declaration of Independence represents the last in a long chain of declarations that began with the declaration of the Stamp Act Congress of 1765, which stated colonists were entitled to the same rights as Englishmen. This document also affirmed that taxing the colonists without their consent was a violation of their rights as British Citizens and that Parliament had no right to tax colonists. In 1774, after the passage of the Intolerable Acts, these themes would surface again in a document written by the First Continental Congress called the Declaration of Rights and Grievances. This document clarified the Stamp Act Congress declaration by stating only colonial legislatures had the right to tax the colonists. Additionally, this document declared the Intolerable Acts unconstitutional and criticized the King and Parliament for dissolving colonial assemblies, maintaining a standing army in peacetime, and for enforcing heavy taxation. Meeting again as the Second Continental Congress in May of 1775, the delegates understood that things had only worsened between the colonists and the British government. Although fighting had already broken out between minutemen and British troops, many delegates still pressed for a peaceful reconciliation. This congress issued a Declaration of Causes of Taking-up Arms and sent an Olive-Branch Petition to the King to humbly request that he negotiate a peaceful reconciliation. Once again, the King ignored the requests of the colonists and responded instead by sending an additional 20,000 troops to the colonies.

Throughout the struggle to assert their rights, colonial leaders understood the importance of maintaining unity between the 13 colonies. Samuel Adams knew that the people would have to be persuaded to view an attack on one colony as an attack on all colonies. To help maintain a unified protest, Samuel Adams organized Committees of Correspondence in 1772 to ensure that colonies could stay informed about new developments regarding the British King and Parliament. This information network

proved crucial when the First Continental Congress agreed to boycott trade with Great Britain and to refuse to use British goods until a resolution was reached. During the Second Continental Congress, patriot leaders carefully waited to declare independence until all delegations unanimously supported it. Although the colonies were technically at war with Great Britain for most of the time the congress met, it took them 14 months to write the formal declaration of war. After the rejection of the Olive Branch Petition, the publication of Thomas Paine's Common Sense, and the hiring of German mercenaries, all of which took place in early 1776, the themes stated in earlier declarations were finally put to use to justify separation rather than reconciliation.

The Declaration of Independence relied on the content and claims of earlier declarations, but firmly stated that ten years of peaceful political and economic actions had failed to reach the desired effect. Therefore the King and Parliament left the colonists no other choice but to seek separation through military means”.

New California State movement has for over 5 years been utilizing Article IV, Section 3 to form a new state in direct defiance of the California dictator just like the Founding Fathers had planned when they declared Independence in 1776 and wrote the U.S. Constitution.

New Californians are still in the “process” of declaring Independence by now reading an additional 95 Grievances. You see the “process” of Independence should never end lest history repeats itself again.

Today The California governor is a ***pusillanimous*** craven dictator whose words and actions are a grave danger to all U.S. Citizens living in California while the state continues to operate outside the authorities of the U.S. Constitution.

For New Californian's its our ***GOD*** given “***Right it is our Duty***” to protect our Declaration of Independence, our Constitution and our Bill of Rights with all means necessary from a craven dictator. *New Californians will NOT comply.*

We request the **President of the United States** act immediately to remedy these abuses by the California state and “Declare a State of Insurrection” exists in California.

Insurrection

The government of California, the current socialist governor/dictator and mono-party system along with local officials are following a coordinated design with the intent to actively engage in “**Acts of Insurrection**” against the U.S. Constitution.

The **Insurrection Act of 1807** and the *Emergency Economic Powers Act* are United States federal laws that govern the ability of the President of the United States to deploy military troops within the United States to put down lawlessness insurrection, and rebellion.

Acts of Secession

The California government in conjunction with the socialist state executive, instituted wherever the current socialist governor/dictator has usurped power has actively engaged in “**Acts of Secession**” and have created a reign of terror on United States Citizens living in California with the intent to **secede** from the United States of America to thus destroy the very **Union of States** which secures our **Liberty and Freedom**.

Abdication of Authority

Betrayal by the sitting socialist governor/dictator of California the mono-party legislature and local elected officials is evidence of “**Abdication of their Responsibilities of Authority and Sovereignty**” over the Citizens of the United States living in California State.

Prayer

The Citizens of New California State Pray for the President to exercise his authority under the **Insurrection Act of 1807** or the *Emergency Economic Powers Act* to end the tyranny being foisted upon the United States Citizens living in California State.

This concludes these proceedings.
